**Inspector Agreement**

B. Continuous Inspection Services. In fulfilling responsibilities, INSPECTOR shall represent DISTRICT as the inspector on the Project job site. INSPECTOR shall have personal knowledge, obtained by his personal and continuous inspection of the work of construction at all stages of its progress, that the requirements of the approved plans and specifications are being completely executed.

Continuous inspection means complete inspection of every part of the work to insure a workmanlike job is constructed in conformity with the contract documents, all applicable requirements of the DSA and all applicable federal and state laws and local ordinances.

Work such as concrete work or brick work which can be inspected only as it is placed will require the constant presence of INSPECTOR. Other types of work which can be completely inspected after the work is installed may be carried on while INSPECTOR is not present. In any case, INSPECTOR must personally inspect every part of the work. In no event shall INSPECTOR have or assume any duties which will prevent INSPECTOR from continuous inspection of the work of construction in all stages of its progress at the site where INSPECTOR is responsible for inspection.

C. Personal Knowledge. INSPECTOR may obtain personal knowledge of the work of construction, either on site or off site, performed under the inspection of a special inspector or inspector, if any (Section 4-333 of Title 24), from the reporting of others on testing or inspection of materials and workmanship for compliance with the plans, specifications and applicable standards. The exercise of reasonable diligence to obtain the facts shall be required.

D. Relations With Architect Or Engineer. INSPECTOR shall work under the general direction of the Architect or Structural Engineer. All inconsistencies or seeming errors in the plans and specifications shall be reported promptly to the Architect or Structural Engineer for interpretation and instructions. In no case, however, shall the instruction for the Architect or Structural Engineer be construed to cause work to be done which is not in conformity with the approved plans, specifications and change orders.

E. Job File. INSPECTOR shall keep a file of approved plans and specifications (including all approved addenda or change orders) on the job at all times, and shall immediately return any unapproved documents to the Architect or Structural Engineer for proper action. INSPECTOR shall have and maintain on the job at all times all codes and documents referred to in the plans and specifications.

F. Semimonthly Reports. INSPECTOR shall keep the Architect or Structural Engineer thoroughly informed as to the progress of the work by making semimonthly reports in writing as required by Section 4-337 of Title 24, signed by the INSPECTOR. A copy of each such report shall be sent to the DISTRICT's Deputy Superintendent/CFO as designee of the Board of Education of DISTRICT, and to DSA. Failure to comply with Section 4-337 is cause for DSA to withdraw approval of INSPECTOR.

G. Notifications to Division of the State Architect. INSPECTOR shall notify the DSA (1) when work is started on the Project or restarted if previously suspended per no. 4 below, (2) at least 48 hours in advance of the time when foundation trenches will be complete, ready for footing forms, (3) at least 48 hours in advance of the first pour of foundation concrete and 24 hours in advance of any subsequent and significant concrete pour, and (4) when all work is suspended for a period of more than two weeks.

H. Construction Procedure Records. INSPECTOR shall keep a record of certain phases of construction procedure including but not limited to the following: (1) the time and date of placing concrete and the time and date of removal of forms in each portion of the structure; (2) identification marks of welders, lists of defective welds, manner of correction of defects, and other matters regarding welding

## EXHIBIT A

### CONTRACTOR CERTIFICATION

**Fingerprinting:** Education Code section 45125.1 provides that any contractor providing school site administrative or similar services to a school district must certify that its employees providing that service who may come into contact with pupils have not been convicted of a serious or violent felony as defined by law. Those employees must be fingerprinted and the Department of Justice must report to the Contractor if they have been convicted of such felonies. No person convicted may be assigned to work under the Agreement. The school district may determine, under the totality of circumstances including (1) the length of time the employees will be on school grounds, (2) whether pupils will be in proximity of the site where the employees will be working and (3) whether the contractors will be working alone or with others, that the employees will have only limited contact with pupils and neither fingerprinting nor certification is required.

The District has determined that section 45125.1 is applicable to this Agreement. The District has also determined that the employees assigned to work at a school site under this Agreement will have only limited contact with pupils, provided the following conditions are met at all times:

1. Contractor employees shall not come into contact with pupils or work in the proximity of pupils at any time except under the direct supervision of school district employees.
