#### **Board Member Comments:**

President Ryan said that her largest concern is that we are spraying a cancer causing carcinogen. She asked how many pounds of glyphosate we are spraying and if we have a breakdown of how many pounds are being sprayed on athletic facilities, playgrounds, and surrounding fields.

Ms. Allen said that she will have to pull the reports and provide that information. President Ryan then asked what our process is for approving alternative pesticides or herbicides and what

Amari Watkins, Director of Accounting, and Jeff Small, with Capitol Public Finance Group, gave the presentation. Lauren Herrera of Orrick, Herrington, and Sutcliffe was also present. Mr. Small discussed the refinance opportunity of issuing the final Measure R series of bonds to fund the central kitchen. He also had other comments on the refinance, gave a summary of legal documents to be considered, and spoke on an anticipated schedule for moving forward. The target date for sale is October  $22^{nd}$ .

#### **Board Member Comments:**

Member Murawski thanked the presenters for bringing this item back to the Board. She asked for a breakdown on the taxable component and what that means for taxpayers. Mr. Small explained that it enables a refinancing to be done that the District would not otherwise be able to do. Measure R bonds are tax exempt which means that an investor does not pay any federal or state income tax when purchasing. However, these bonds transition into taxable bonds with the refinance. Member Murawski then asked for an explanation of the term defeasance. Mr. Small said that the bond monies are put into an escrow account and used to make principal and interest payments on the portion of the bonds that cannot be prepaid prior to maturity. It is considered a legal defeasance and so it is as if those bonds have gone away and now we are just replacing it

	Board Member Comments:  Member Murawski asked about the lottery revenue. Ms. Canfield explained that the lottery revenue is a small part of the District budget and is based on an estimate received from the lottery Commission. Member Murawski asked about interest income. Ms. Canfield said that

Superintendent Aguilar thanked the Board for sensitivity on the work flow aspect; he has come to appreciate, based on our current conditions, that it is also helpful to have a work flow that benefits from independent reviews as well. In this case, it would be the Sacramento County Office of
