Agenda Item# 11.1

**Meeting Date:** January 18, 2024

**Subject:** Presentation of the District Strategic Arts Plan

- Conference/Action
- Action
- Public Hearing

**Division:** Curriculum and Instruction/Culture and Climate and SEL/Visual and Performing Arts

**Recommendation:** It is the recommendation that the Board vote to adopt this 5-year Strategic Arts Plan for the district.

**Background/Rationale:** This District Arts Plan was created by a group of 10 VAPA teachers (District Arts Team) from Jan 2022 - June 2023 meeting monthly with input from a Community Arts Team (CAT) that met quarterly to review the work of the DAT. Both groups were facilitated by the District VAPA Coordinator. This plan details how, over the course of the next 5 years, arts instruction can be implemented across the district to ensure that every child has access to quality arts instruction during the school day.

**Financial Considerations:** The full scope of the financial implications over the next 5 years is unknown but a funding plan will be presented at a later date.

**LCAP Goal(s):** This Arts Plan adheres closely to SCUSD's Core Value and Guiding principle. The goal of this arts plan is to "level the playing field" and ensure that EVERY child in SCUSD has access to high quality art instruction at any school they attend and to prepare students for potential careers in the California Creative Economy. This District Arts Plan has elements that will positively address every single goal in the LCAP. If implemented with fidelity, students throughout the district will receive culturally

every other academic discipline while also helping to positively effect student mental health, social emotional learning, and contributes positively to school culture.
