Board Comments:

President Pritchett asked if it is possible to have two lunch periods so that there are not as many students taking lunch at the same time, especially as the high schools have large groups. Director of Nutrition Services Diana Flores described the current plans for the comprehensive high schools.

Member Villa said she is glad that the information from the presentation is on the website. She asked if there is way to opt in or out of the testing. Ms. Victoria Flores said that the testing is elective unless students have been exposed to COVID in the classroom. Member Villa asked if there will be established eating areas outside and/or classes held outdoors. Ms. Diana Flores answered that they are recommending indoor and outdoor seating for students at the elementary level and described what that would entail. Member Villa asked what happens if a staff member has to quarantine. Ms. Victoria Flores said that a sub would be put in place.

Vice President Murawski thanked staff and asked if there is voluntary surveillance testing on an opt in basis. Ms. Victoria Flores said we plan on making it available weekly. Vice President Murawski asked what was additionally planned, and Ms. Flores described communication with and information provided to principals as well as the consent process for students, parents, and families. Vice President Murawski asked what more can be done for ventilation and also asked about vaccine mandates. Superintendent Aguilar said that the

topic of vaccine mandates is being assessed. Vice President Murawski said she is in favor of whatever measures the District can take.

Second Vice President Woo asked if there is a contingency for rainy weather when children would otherwise be outside. Ms. Diana Flores said that they are still working through details regarding this.

Member Rhodes asked if students will be receiving hot lunches. Ms. Flores said yes.

Board Comments:

Member Villa asked, if students leave their school for independent study, do they still keep their spot at their regular school. Mr. Sweitzer answered that the current practice is that the student would disenroll from their school of residence and would enroll at Capital City School. He is currently inquiring into what other school districts are doing regarding this. Member Villa asked if there is a way to create a mentoring group for students not physically attending. Mr. Sweitzer said that is included in AB 130 with synchronous instruction as well as daily interaction that includes peer interaction.

Member Phillips asked to clarify that independent study is not for students that are quarantined. Mr. Sweitzer said that is correct and that there are two opportunities for independent study as students that are quarantined can participate in short-term independent study. He said that AB 130 addresses students who do not want to return to in-person learning on a more permanent basis; they would have the opportunity to enroll at Capital City for independent study. He added that law states that if within five days the student chooses to return to their school of residence, the District will accommodate the request. Member Phillips asked to clarify that this is not a substitute for virtual learning, and Mr. Sweitzer said that is correct.

Member Rhodes said the right to return to the regular school is something he would support. He asked for details regarding Capital City School for all grades K-8. Mr. Sweitzer explained. Mr. Rhodes asked what would look different this year, and Mr. Sweitzer explained for all grades.

Member Phillips asked who provides instruction during ~~short~~ independent study. Mr. Sweitzer replied that it is the teacher of record.

President Pritchett asked if the requirement to disenroll at the regular school when participating at Capital City School has something to do with average daily attendance. Mr. Sweitzer answered no, the reason is due to going from one school to another.

Vice President Murawski asked for more information on how ready the District is to implement the plan of this. Mr. Sweitzer said an interest form was sent out Monday that has generated approximately 200 responses which are fairly even across the grades. Capital City School is not currently staffed to accommodate that many students, therefore staff would need to be increased. They are keeping contractual guidelines in mind. Vice President Murawski said she is supportive of this approach.
