reported that, by a vote of six to one, approved the appointment of Dr. Richard Al Rogers as Chief

blossomed over the course of the past year and left big shoes to fill for the next person. She is excited to see what her future holds, and hopes she will come back to visit. Vice President Pritchett then presented Student Member Saito with a marble apple and a gift from the Board.

Member Ryan said it has been wonderful to watch Student Member Saito find her voice over the last six months and see her growth in her role as a student Board member. She noted the importance of parlanding the Ethnia Chidian initiative work and doing it in a manner that was conhistiated

Board Member Comments:

congratulated the team and their hard work. She is very proud that they are in her Trustee Area.	Member Cochrane s	aid that she recently visited the	site and had a tour n usa this ramelino	r. She noted that to program as wall	he facility is

There are three Supervisors that assist Ms. Bryant. In addition, there are ten program specialists who are the direct liaison to the school sites and families. Member Ryan asked to what we attribute the increase in Special Education in the District. She wanted to know if there had been analysis done to look at the disproportionality of Special Education student referrals and if there were any thoughts as to why the numbers have grown so substantially. Ms. Bryant answered that when there is not a clear system of pre-intervention support across the categories of disabilities over the years such as autism. In the past five to seven years we have probably tripled _our enrollment_of students Many more students are receiving diagnosis very early in life so we have many

Bryant how many staff in the District office are deployed to be responsive to families and to oversee the management of this work. Ms. Bryant answered that there are three management staff, and there will be four.

Member Rodriguez said she is advocating for her request to happen; she would like to see English language learners in the LCAP. Her vision for the next LCAP is that we will have the metrics and the team of parents looking at what this year's LCAP group did and then adding in some columns and some ways to measure. We will then start with a benchmark. Member Ryan, in looking at the LCAP Advisory group comments and recommendations, as well as the comments of Ms. Guillen and Ms. Vano, she said the request to increase hi-lingual instructional assistants that are trained will not cost more than \$20,000, and by her informal calculation the school would bring in another \$2 million dollars if re-opened.

President Woo entertained a motion to approve this Item. A motion was made by Vice President Pritchett to approve which was seconded by Member Arroyo. The motion passed unanimously.
