President Phillips really wants to appreciate the work that has been done, and also wants to highlight the need for this being pushed in a way that is revolutionary. It comes down to recognizing the racist education system, the way it has been designed to hurt our children, and Member Phillips is not sure how we can turn that on its head. Member Phillips ahayod that if the Reard is asing to be sometoutable with the changes that are going to be made and supported, they have to continue to reflect on the reasons for why we are where we are today. Member Rhodes made a motion with a second from Member Phillips. The Board voted 5-0 with Member Pritchett and Member Villa absent, and a student preferential yes vote. 9.2 Literacy, English Language Arts & Mathematics Update (Shannon Pella and Erin Hanson) Frin Hauson shared current District wide sunnorts and investments in literacy, ELA & mathematics instruction and improvement, how we currently measure literacy, ELA f prathamation autorous in SCIISD and what are semant

resolution, and how we manage to get it uplifted in the society that we live in, will always be a concern to her.

Jeane wanted to clarify that the state is not offering any matching school bonds.

Member Singh asked if we expect any opposition, and wanted to know if any bonds for our schools have been opposed in the past. If so, is there a specific group that opposed them.

Member Kayatta thanked Mr. Scott for his work. Member Kayatta shared that Measure H passed with 62% of the vote, and he is seeing similar polling results. Member Kayatta thinks that we can probably do better, because

shown our community that we know how to invest on an equity basis. Member Kayatta thinks that this is the type of bond campaign that he thinks would be successful. There is a lot that goes into educating our kids and making them feel comfortable learning, excelling, and growing as people, but the physical facility that you learn in shows how much your community values you. Member Kayatta shared that this polling result is showing that the community does value this, and as a Board member and parent Member Kayatta wants his kids learning in a

Public Comment

Board Comment:

Member Kayatta thanked Leilani Aguinaldo for the

meetings so they can bring their voice to our conversations as well

Member Kayatta shared that the Sistrict is going to be forming a working group to look into the ConCap process. Last week, Member Kayatta had the opportunity to go up to Sly Park to visit

there. Member Kayatta is really excited that we get to send our kids there. All the kids got to go at no cost this year, which was a onetime decision, but we can continue looking at ways to make it, so
